A TWO BEDROOM END TERRACED
HOUSE WITH ATTIC CONVERSION.

Offers Over £210,000 Freehold

A surprisingly spacious end terraced house with two bedrooms and converted attic.

By no means is this the average terraced property. This house has been significantly extended and improved over the years by the current owners to offer spacious accommodation, ideal for first time buyers and families alike.

A particular feature of this property is the extended open plan dining kitchen, a great place for socialising and entertaining. With an array of built-in units and integrated appliances, including a Range-style cooker. There is also a partially vaulted ceiling, bring a lot of natural light through roof windows, and French doors opening to a large terraced patio area (great for BBQing in the Summer months).

Further features of this property are gas fired central heating served from combination boiler, double glazed windows throughout and a generous living room with large, square bay window. The family bathroom located on the first floor offers a modern contemporary suite.

The current owners converted the attic some years ago, providing a useful additional space. The property is in the process of being redecorated and is offered for sale with NO UPWARD CHAIN and ready to move into.

The property enjoys larger than expected rear gardens which are attractively landscaped with a generous terraced patio area and steps leading to a lower garden finished in artificial lawn, with a further area finished in decking at the foot of the plot.

The property is located within walking distance of Stapleford town centre, offering a variety of shops and facilities. There are regular transport links close by and good road networks for those wishing to commute to the nearby towns and cities of Beeston, Nottingham and Derby, etc.

A remarkable property that can only be fully appreciated once viewed internally.
