THIS IS A TWO DOUBLE BEDROOM DETACHED BUNGALOW SITUATED ON A LARGE PLOT WITH PRIVATE GARDENS TO THE REAR.

This is a detached bungalow which was originally three bedrooms but has been converted into a two double bedroom property and which, having exceptional development potential, now lends itself to a new owner stamping their own mark on their next home. The property is being sold with the benefit of NO UPWARD CHAIN and it is ready to move into without having to carry out any major works, but in time we are sure a new owner would want to alter the property to suit their own requirements. A particularly important feature of the property is the size of the plot with there being a large rear garden which is level and provides lawned areas with it being kept private by having fencing to the boundaries. For the size of the accommodation and privacy of the garden to be appreciated, we recommend that interested parties do take a full inspection so they can see all that is included in the bungalow for themselves.

The property is constructed of brick to the external elevations under a pitched tiled roof and the well proportioned accommodation derives the benefits of having gas central heating (with a new boiler) and double glazing and includes a spacious reception hall, a large lounge which includes a dining area, a large breakfast kitchen which is fitted with extensive ranges of wall and base cupboards and a newly installed integrated fridge/ freezer. From the kitchen there is a door leading out to the conservatory which connects to the rear garden and to the driveway to the right hand side. There are two double bedrooms and the bathroom was converted into a shower room and has a walk-in shower, but could easily have a bath fitted if this was preferred by a new owner. Outside there is a large block paved parking and small integrated gardens at the front with a drive running down the right hand side of the property to a large brick garage which is positioned at the rear. The rear garden has various lawns with a path running the full length of the garden. There is a large wooden shed, a potting shed and a greenhouse with the garden being kept private by having fencing to the boundaries.

The property is within easy reach to the centre of Breaston village where there are various shops, three local pubs, a bistro restaurant and various coffee eateries, there are healthcare and other facilities which include several local golf courses, walks in the surrounding picturesque countryside while transport links include proximity to J25 of the M1 which is roughly only a mile away from Breaston, Long Eaton and East Midlands Parkway train stations, East Midlands Airport and the A52 and other main roads provide good access to Nottingham, Derby and other East Midlands towns and cities.
