

Nottingham Road,
Long Eaton, Nottingham
NG10 2EN

£495,000 Freehold

A SUBSTANTIAL EXTENDED DETACHED PROPERTY WHICH HAS OVER RECENT YEARS BEEN USED AS PROMINENT PROFESSIONAL OFFICES, BUT COULD EASILY BE USED AS A FIVE BEDROOM FAMILY HOME.

Being located on a plot on the corner of Devonshire Avenue and Nottingham Road, this large extended detached property was originally built as a family home where the previous owner extended the property to create spacious ground floor living accommodation and five bedrooms to the first floor. Over the past decade the property has been used as an accountancy office and currently has permission for this use so could easily be used as offices with the reception rooms and bedrooms to the first floor being used as a reception area, meeting room and office space with there being w.c. facilities to the ground and first floor. For the size and layout of the accommodation and the extent of the car parking provided at the rear to be appreciated, we do recommend that interested parties take a full inspection so we are able to show them all that is included in this large detached property for themselves. The property sits in a very prominent location and with good signage is very visible from the road which runs in front of the house. From both an office and residential point of view, the office is well placed for easy access to the excellent local amenities and facilities provided by the immediate area and to transport links, all of which have helped to make this a very popular and convenient location for both offices and a home.

The property has an attractive appearance and is constructed of brick to the external elevations under a pitched tiled roof and the spacious accommodation derives the benefits from gas central heating and double glazing. Being entered through the front door the accommodation includes a reception hall, from which oak stairs with a feature stainless steel spindle balustrade and oak hand rail lead to the first floor and doors take you into what could either be the main lounge or reception area and from this room there is a door taking you to a further reception room which has over recent years been used as a meeting room. At the rear of the building an open plan space with a well fitted kitchen with extra units being stores which could be brought into the kitchen if this was to be used as a home and from the kitchen there is a dining area and a further snug/sitting area, again these spaces have over recent years been used as offices and there is also a utility/store room and ground floor w.c. To the first floor the landing leads to the five bedrooms which again have all been used as offices over the past decade, there is a Jack and Jill shower room/w.c. between two of the rooms and the main bathroom has a corner bath and w.c. Outside there is a garden area at the front and at the rear the garden has been changed into a car park with a gate leading out to Devonshire Avenue at the side, but this external space could easily be changed back into a garden if this was required by a new owner.

The property is well placed for easy access to Long Eaton where there are Asda, Tesco, Lidl and Aldi stores as well as many other retail outlets, Chilwell Retail Park is only a short drive away where there is an M&S food store, Next, TK Maxx and several coffee eateries, there are healthcare and sports facilities including several local golf courses, walks at Toton Fields which is literally across the road and the picturesque Attenborough Nature Reserve, there are excellent schools for all ages within easy reach of the property and the transport links include J25 of the M1, East Midlands Airport which can be reached via the Skylink bus which takes you to Castle Donington and the airport, stations at Beeston, Long Eaton and East Midlands Parkway and the A52 and other main roads provide good access to Nottingham, Derby and other East Midlands towns and cities.

Porch

Open porch with an outside light leading through a UPVC front door with inset leaded glazed panel to:

Reception Hall

Feature oak staircase with a stainless steel spindle balustrade and a wooden hand rail leading to the first floor having cloaks hanging and storage space below, radiator in a decorative housing, double glazed window with a blind to the side, cornice to the wall and ceiling and a panelled door leading to:
