

**Cranborne Close  
Trowell, Nottingham NG9 3RH**

**A THREE BEDROOM DETACHED  
BUNGALOW.**

**£350,000 Freehold**

Situated at the head of a small cul de sac can be found this larger than average three bedroom detached bungalow situated on a generous plot.

This property comes to the market in a ready to move into condition, being refurbished and modernised over the years. A particular feature of this property is the fully fitted dining kitchen with an array of built-in appliances which leads to a uPVC double glazed conservatory. Further features include a modern en-suite shower room to the principal bedroom, as well as a modern family bathroom. The property is centrally heated with a combination boiler and is double glazed throughout.

Upon opening the front door, you are greeted by a spacious hallway which gives access to all the rooms, with living room, dining kitchen, conservatory to the rear, and three well proportioned bedrooms, the principal bedroom with an en-suite shower room, and a family bathroom.

Set back from the road with a forecourt providing off-street parking for three to four vehicles, there is a useful integral garage, and the rear gardens are attractively landscaped and level in design.

Situated in a popular and established development known as "Trowell Park" within the suburban village of Trowell, which sits between the neighbouring towns of Stapleford, Beeston and Ilkeston, with good transport links to all, as well as Nottingham city centre.

This property is ideal for those looking for generous single storey living and the ability to downsize without actually downsizing!

### ENTRANCE HALL

Double glazed window and front entrance door, two radiators. Doors to all rooms. Useful walk-in closet.

### LIVING ROOM

16'5" x 11'5" (5.01 x 3.50)

Modern contemporary three piece suite comprising wash hand basin with vanity unit, low flush WC with concealed cistern. Bathtub with thermostatically controlled twin rose shower system. Tiling to walls, heated towel rail, built-in airing cupboard housing Worcester gas combination boiler (for central heating and hot water).

### OUTSIDE

The property is situated on a generous plot and sat in a small cul de sac with large forecourt laid partially to tarmac and partially to block paving, providing parking for several vehicles. There is a shrub border to the far side. Access to the garage. There is a block paved pathway with a gate at the side of the house leading to the rear garden. The rear garden is a generous size and level lying, with a patio area beyond the conservatory and pathway running around the rear elevation. The central garden is laid to lawn flanked with colourful bedding and a gravel pathway meandering through to the foot of the plot where there is a variety of ornamental trees and a garden shed. Outside tap. At the far side of the property, there is a further storage area.

### GARAGE

16'3" x 8'11" (4.96 x 2.73)

Electric remote controlled roller door, light and power, additional access to roof void, uPVC double glazed door to rear garden.

### AGENTS NOTE

We would like to make potential buyers aware that this property has been flooded in the last five years, in February 2020 and more recently in October 2023 following Storm Babet. Refurbishment works have been carried out under an insurance claim and the Vendor is in receipt of a Certificate of Works. The property benefits from flood prevention methods, including flood preventative external doors, return valves to the drainage system and an impermeable solution applied to external brickwork. The property remains insured and the current owner has all the documentation of works carried out to pass onto the new buyer.

Whilst every attempt has been made to ensure the accuracy of the floorplan contained here, measurements of doors, windows, rooms and any other items are approximate and no responsibility is taken for any error, omission or misstatement. This plan is for illustrative purposes only and should be used as such by any prospective purchaser. The services, systems and appliances shown have not been tested and no guarantee as to their operability or efficiency can be given.
