£1,120,000 Freehold

We have great pleasure in offering for sale this four bedroom detached family residence situated at the head of a cul-de-sac with gardens and views adjacent to Beeston Fields Golf Course.

Situated on a generous garden plot (0.29 of an acre) this extended property has been designed to fully exploit and enjoy access to the gardens and expansive views over Beeston Fields Golf Course, with the current owners having a permissible gated access to the course itself (membership is required to play).

This well appointed property is of course centrally heated and double glazed with features including two reception rooms, large orangery style conservatory and a family breakfast kitchen offering a great social space and a useful separate utility room. There is a central reception hallway with cloakroom/WC and dogleg staircase which leads to the first floor accommodation.

A generous landing provides access to the four bedrooms with a substantial principle bedroom, guest bedroom having partial vaulted ceiling and en-suite shower room, there is a generous family bathroom.

The property offers a degree of privacy from the road with electric vehicle gates opening to a courtyard where there is ample parking and a single garage. The rear gardens have an expansive area to lawn with attractive deep colourful bedding, a generous patio area beyond the conservatory and an ornamental pond with adjacent seating area towards the foot of the plot offering a different vista over the golf course.

The town centre of Beeston is within walking distance of the property where there has been a large scale investment in recent times to provide for a vibrant market town with a variety of supermarkets, national and independent retailers and a variety of bars and award winning restaurants with tastes from around the world. The area is very well connected with tram, train and bus connections within the town and the A52 is a short drive away linking Nottingham, Derby and junction 25 of the M1 motorway. The property is also in a fantastic position for both Nottingham University and the Queens Medical Centre. We anticipate a strong demand for this property and therefore recommend an early internal viewing to avoid disappointment.
