Robert Ellis are delighted to bring to the market this amazing two double bedroom home which we feel will suit a whole range of buyers, from people looking to buy their first property which is within walking distance of the centre of Draycott or alternatively rent out. The property has many individual features from when it was originally a Mill building and includes a vaulted ceiling and feature cast iron glazed window and further Velux windows. The mezzanine level has in-built wardrobes on both sides and feature up-lighters, to frame the amazing space. There is a further balcony area, which could be used as a separate office/living space. For the size and layout of the accommodation to be appreciated, we recommend that interested parties do take a full inspection so they are able to see all that is included in this lovely home for themselves. The location couldn't be any better, with Draycott is an award winning village with a number of local amenities and facilities with further shops being found in the nearby villages of Breaston and Borrowash as well as Long Eaton which is only a few minutes drive away.

The property is entered through a communal reception hall which serves just two properties and the front door to the property we are selling takes you into a reception hall, from which there are stairs leading to the living accommodation at the first floor level and doors into the two double bedrooms and bathroom. The open plan living space includes a lounge/sitting and dining areas and the kitchen is fitted with wall and base units and includes several appliances which will remain at the property when it is sold. The mill building was converted approximately 20 years ago by a well known local developer who created thirteen homes within the original mill building.
