£225,000 Freehold

THIS IS A THREE DOUBLE BEDROOM VICTORIAN SEMI DETACHED HOUSE IN NEED OF A FULL UPGRADE AND REFURBISHMENT PROGRAMME.

Being located on College Street, this Victorian semi detached property could be refurbished to create a lovely home which would suit the requirements of a whole range of buyers, from a first time buyer through to a family looking for a three bedroom house close to all the local amenities and facilities provided by the area. We are looking for a property investor or developer to purchase this property due to its current condition or somebody with a substantial deposit who knows what is involved with improving the house. We are happy to arrange a viewing for suitable buyers so they can see the size of the accommodation and length of the rear garden for themselves and this can be organised by contacting the Long Eaton office of Robert Ellis.

The property stands back from the road with a walled area at the front and is constructed of brick to the external elevations under a pitched tiled roof. Being entered through the front door, the accommodation includes a reception hall, lounge, separate dining room, rear hall and kitchen which could be extended into the two outbuildings at the rear. To the first floor the landing leads to the three double bedrooms and fully tiled bathroom which currently has a shower over the bath. Outside there is a walled area at the front, a path runs down the left hand side and at the rear there is a long mainly lawned garden with a garage at the bottom which is accessed from William Street.

The property is within easy reach of Long Eaton town centre where there are Asda, Tesco, Lidl and Aldi stores as well as many other retail outlets, there are excellent schools for all ages within easy reach, healthcare and sports facilities which includes the West Park Leisure Centre and adjoining playing fields and the transport links include J25 of the M1, East Midlands Airport, stations at Long Eaton and East Midlands Parkway and the A52 and other main roads provide good access to Nottingham, Derby and other East Midlands towns and cities.
