

Station Road
West Hallam, Derbyshire DE7 6GW

£375,000 Freehold

A THREE BEDROOM DETACHED HOUSE.

We have great pleasure in offering for sale this individual period three bedroom detached house located on a large garden plot of approximately 0.18 of an acre.

Believed to be late Victorian or very early Edwardian, this individually built property offers surprisingly spacious accommodation with some original features. A welcoming hallway with flagstone flooring leads you through to the two generous reception rooms, the rear with a log burner. There is a traditionally designed kitchen with conservatory enjoying aspects over the rear garden.

Rising to the first floor, the generous landing gives access to three well proportioned bedrooms and large family bathroom. The property is centrally heated from a combination boiler and is double glazed throughout.

What cannot be appreciated from the front elevation is the substantial garden plot to the rear which the property enjoys. The garden is paradise with mature specimen trees and shrubs, and expansive lawns (great for children). Towards the foot of the garden plot is a substantial brick built workshop/shed. Nestled behind this is a secret wildlife meadow garden. Off-street parking is available to the front.

Situated within the sought-after Derbyshire village of West Hallam, the property itself is on the edge of countryside and the village offers a great community feel, with its own primary school, useful parade of shops and regular bus service. For those who enjoy the outdoors, there are a number of footpaths leading into open countryside, including Shipley Country Park. Far from being isolated, West Hallam is on the doorstep of the market town of Ilkeston where there is a generous variety of shops and amenities, including Tesco and Morrisons, and there are good road networks linking the cities of Nottingham and Derby, as well as Junction 25 of the M1 motorway.

The Vendor is looking to downsize and we are therefore seeking a new custodian to take over this period home and gardens.
