Behind this attractive bay fronted traditional facade lies a modern contemporary family home.

This particularly well maintained and presented property comes to the market in a ready to move into condition and has features including gas fired central heating served from a combination boiler, double glazed windows throughout and a particular feature is the large open plan family dining kitchen with aspects to the rear. This is a great place for families to enjoy, as well as socialising with French doors opening to the rear garden, great in the Summer months when BBQing.

Further features of this property include a contemporary four piece bathroom with a slipper bath. There is also a useful external utility room with plumbing for washing machine.

The grounds and gardens of the property have been recently re-landscaped. To the front is a block paved forecourt, although currently there is no drop kerb. This has the potential for off-street parking for at least two vehicles. There is a useful garage and the rear garden has a contemporary feel with a porcelain tiled patio area, lawn and a further patio area at the top of the garden.

Situated in this popular residential suburb, within walking distance of local schools, regular bus service and within easy reach of Ilkeston town centre. For those looking to commute further afield, there are good road networks linking Nottingham and Derby, as well as Junction 25 of the M1 motorway.

This property is ideal for young families looking for the next step up the property ladder and we strongly recommend an early internal viewing.
