A TRADITIONAL TWO DOUBLE BEDROOM VICTORIAN SEMI DETACHED PROPERTY WHICH IS INITIALLY BEING SOLD WITH AN EXISTING TENANT IN-SITU.

Being located on Friar Street which is a quiet cul-de-sac close to the centre of Long Eaton, this traditional Victorian semi detached property provides a lovely home which could be used as an investment property as there is a tenant in-situ, or could be purchased with vacant possession and would make an ideal home for a first time buyer or someone downsizing and wanting a property which is conveniently located for all the facilities and amenities provided by the local area. For the size of the accommodation and privacy of the rear garden to be appreciated, we recommend that interested parties do take a full inspection so they can see all that is included in this traditional semi detached property for themselves.

The property is constructed of brick to the external elevations under a pitched tiled roof and the well proportioned accommodation derives the benefits of having gas central heating and double glazing and includes a lounge, separate dining/sitting room, kitchen which is fitted with wall and base units, a rear hallway and a most useful ground floor w.c. To the first floor the landing leads to the two double bedrooms and a large bathroom which includes a separate walk-in shower and a bath. Outside there is an easily managed garden at the front and a path runs down the right hand side of the house through a gate to the rear garden. At the rear of the property there is a patio area, a lawn, space for a shed at the bottom of the garden and the garden is kept private by having walls and fencing to the boundaries.

The property is within easy reach of the town centre where there are Asda, Tesco and Aldi stores as well as many other retail outlets, there are excellent schools for all ages within minutes walking distance of the house, healthcare and sports facilities are within easy reach with the West Park Leisure Centre and adjoining playing fields all being a short walk away and the excellent transport links include junctions 24 and 25 of the M1, East Midlands Airport, stations at Long Eaton and East Midlands Parkway and the A52 and other main roads provide good access to Nottingham, Derby and other East Midlands towns and cities.
