The property could make an ideal equestrian opportunity with the use of the orchard to the rear with its own orchard room and potential stable area. The property has unreserved access along the lane from the house to the orchard, passing the garden (also belongs to the property) on the right hand side.

The first floor landing then provides access to a useful double storage cupboard, mezzanine style bedroom with built-in furniture and wash hand basin, single room to the left hand side of the landing. To the right hand side there is a four piece family bathroom suite, as well as the principal bedroom which also has the benefit of fitted wardrobes and an en-suite shower room.

The property also benefits from gas fired central heating from a combination boiler, double glazing, ample off-street parking to the front of the cottage, front courtyard garden, as well as its own associated gardens situated just up the lane from the property. This incorporates two separate areas, with an initial garden area incorporating a summerhouse and brick BBQ leading onto a spacious orchard with its own detached orchard garden room with log burning stove.

The property is located within the historic grounds of Stanton Hall which is situated in this desirable Derbyshire village location which offers easy access to great nearby transport links, such as the A52 for Nottingham/Derby, Junction 25 of the M1 motorway and the Nottingham electric tram terminus situated at Bardills roundabout.

There is also easy access to ample outdoor countryside space literally on the doorstep, as well as nearby shops, services and amenities in the neighbouring towns of Ilkeston, Long Eaton and Stapleford.
