The property has been extremely well maintained by the current owners who have lived at the house for many years, who have recently re-fitted the kitchen and for all that is included in terms of the size of the accommodation and the privacy of the rear garden to be appreciated, we strongly recommend all interested parties do take a full inspection so they can see the whole property for themselves. Also over recent years the double tandem garage, which is positioned to the right hand side of the property, has been converted into a man cave/utility room which has a doorway leading into a workshop and at the front of what was originally the garage is a storage area. Outside there is a block paved driveway with a slate chipped planted bed which has helped to keep maintenance of the front garden to a minimum with a gated pathway leading down the left hand side of the house to the rear where the garden is an important feature of this lovely home as it includes several areas for people to sit and enjoy outside living, with one of the seating areas having a pergola over, two sheds which will remain at the property when it is sold and the rear garden is kept private by having fencing to the side boundaries and a wall with fencing above to the rear boundary.
