

Devonshire Drive  
Stapleford, Nottingham NG9 8GW

A BAY FRONTED THREE BEDROOM SEMI  
DETACHED HOUSE.

**£225,000 Freehold**

A surprisingly spacious bay fronted three bedroom semi detached house.

This property comes to the market for the first time in a generation and forms part of two pairs of semi detached houses situated at the entrance to Devonshire Drive, originally built in the 1950's. This property has been well cared for over the years and benefits from double glazed windows throughout and gas fired central heating served from a modern combination boiler which is still under warranty.

A welcoming and spacious hallway leads you into the house, with doors opening to a through lounge/dining room offering a great living space with a bay window to the front and the dining area has a rear aspect. There is a generous kitchen space with room for table and chairs. The first floor landing gives access from an attractive dog-leg staircase and leads to the three well proportioned bedrooms, two of generous double size, there is a modern shower room and separate WC.

The property is set back from the road with an attractive forecourt providing off-street parking. There is a carport at the side of the house with electric roller door to the front and there is a useful garage/workshop. The rear garden is attractively landscaped with ease of maintenance in mind.

Situated in this popular residential suburb, great for families and commuters alike as schools for all ages are within easy reach, in particular Albany Junior School which has just been upgraded with new school buildings. There are good road networks nearby linking Nottingham and Derby, as well as the larger town of Beeston.

Offering a blank canvas, we believe this property will make a fantastic home for first time buyers to put their own mark upon it or young family home. For that reason, internal viewing is recommended.
