A TWO BEDROOM BAY FRONTED SEMI DETACHED HOUSE IN NEED OF COMPLETE RENOVATION AND IMPROVEMENT.

Robert Ellis are pleased to bring to the market with no upward chain this bay fronted two bedroom semi detached house situated within this established and favoured residential location in need of complete modernisation and refurbishment throughout.

With accommodation over two floors comprising entrance hall, bay front living room, breakfast kitchen, lobby and utility/store room to the ground floor. The first floor landing then provides access to two bedrooms and a bathroom suite.

Externally the property boasts ample off street parking to the front and a generous garden space which is in need of severe pruning and re-establishing.

None of the fittings and fitments such as the storage heaters have been tested and can be guaranteed as working or not and as previously mentioned the property is in need of full refurbishment throughout and this should be considered when making an offer to purchase.

The property is situated within this highly established and favoured residential location in Toton, sandwiched between the shops and services within Long Eaton centre, the Chilwell Retail Park and the ever popular Attenborough Nature Reserve.

We believe the property would make an ideal opportunity for those looking to invest in their first home, buy to rent out or look to turn around again on the open market.

An internal viewing comes highly recommended to fully appreciate the house in its entirety and would call early to avoid disappointment.
