

Kniveton Park
Ilkeston, Derbyshire DE7 5FD

£350,000 Freehold

A THREE BEDROOM DETACHED HOUSE.

We have great pleasure in offering for sale this traditional three bedroom detached house in a prime location.

Situated on the highly regarded and sought after Kniveton Park, an oval shaped no-through road of many individual traditional dwellings, located off Derby Road on the outskirts of Ilkeston.

This property comes to the market with vacant possession and benefits from double glazing and central heating and is very much in livable condition. However, the property offers fantastic potential for a variety of buyers to adapt and improve, and possibly extend (subject to planning consent, etc.) to make into a fantastic long term family home.

There is block paved forecourt and driveway providing off-street parking leading to a detached garage and the rear gardens are a particular feature of the property, being of generous proportion with patio, lawns, apple tree and a further vegetable/garden plot at the foot.

Kniveton Park is a quiet backwater, yet conveniently situated and ideal for both families and commuters alike. Schools for all ages are within easy reach, as is open space and countryside not too far away. The busy market town of Ilkeston is a short drive away which has its own train station. The cities of Nottingham and Derby are also within easy reach via good road networks.

We anticipate a particularly strong demand for this property. We therefore recommend an early internal viewing to avoid disappointment.

OUTSIDE

The house is set back from the road with a dwarf walled-in frontage with wrought iron gates opening to a paved driveway and forecourt providing off-street parking. This, in turn, leads to the detached brick built single garage. The rear garden is of generous size with patio area beyond the rear elevation and pathway leading to the main garden which is laid mainly to lawn flanked with well tended flower and shrub beds. There is an apple tree and at the foot of the plot is a further garden area/veg plot with greenhouse.
