Robert Ellis are pleased to be instructed to market this individual detached house which over the past few years has been substantially extended to the rear and side and now provides highly appointed accommodation with the flexibility to have three or four bedrooms and spacious ground floor living accommodation. For the size and quality of the accommodation and privacy of the rear garden to be appreciated, we do recommend that interested parties take a full inspection so they can see all that is included in this lovely home for themselves. The property is within easy walking distance of the centre of Breaston where there are a number of local shops and schools for younger children, while further shopping facilities and schools for older children can be found in nearby Long Eaton with there also being excellent transport links, all of which have helped to make this a very popular and convenient village location.

The dining/living kitchen is an important feature of this lovely home and has a high quality fitted kitchen area with Shaker style units and granite work surfaces with integrated appliances and from the sitting area there are bi-folding doors with a feature glazed panel above leading out to the private sunny rear garden. There is a rear hallway which takes you to the utility/laundry room which is again fitted with Shaker units and a granite work surface and there is a ground floor w.c. and a most useful store/pantry which could be converted into an en-suite to a ground floor bedroom if this was required in the future. To the first floor the landing leads to the three double bedrooms, the main bedroom having a luxurious en-suite shower room, there are fitted wardrobes to two of the bedrooms and there is the main bathroom which is of an extremely good size with a stand alone bath and separate walk-in shower. Outside there is an adjoining garage to the left hand side of the house which is over 21' in length, there is parking at the front for several vehicles and at the rear a private, sunny garden with an Indian sandstone patio extending across the rear of the house and this leads onto a lawned garden which has established and well planted beds to the sides, there is a shed in the bottom left hand corner and fencing to the boundaries.
